Form Your Team

Our Team Canvas

Six conversations every team needs, in any order. Each one answers a few questions, and together they become your Team Canvas.

1 Why are we here?

Our purpose

- Why do we exist?
- Who do we do this for, and how?

Our future

- What does success look like in three years?
- How will we know it is becoming real?

2 Who are we?

Our people

- What does each person bring?
- What do we want to develop?
- How do we each work at our best?

3 How do we work?

Our rhythm

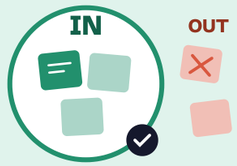

- When do we plan, make and review?
- What do we do together, and what on our own time?

4 How do we make decisions?

Our decision making

- Which decision do we make often?
- Which way of deciding will we try?

5 How do we want to be together?

Our team values

- What behaviour helps us do our best work?
- What behaviour is not acceptable?

IN OUT

6 How do we learn and reform?

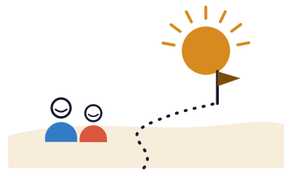

Our next evolution

- What will we keep, change and try?
- What would make us reset this canvas?

1 Why are we here?

Explain it to a friend

In pairs, explain why the team exists as if to a friend over dinner. The listener writes down phrases that feel clear and human, one per post-it.

Pairs · 25 min

Words that felt clear and human

Put the post-its here, then group what keeps coming back.

1 Why are we here?

In three years' time...

Everyone writes two or three endings to the sentence, one per post-it. Group similar ones, then vote for the one that feels true, not just ambitious.

Alone, then together · 30 min

In three years' time, this team will have...

Post-its here. Group them, then give everyone three dots to vote.

2 Who are we?

Personal user manual

Everyone writes one post-it per question, with their initials, and sticks it in the right box. Then share in pairs: one question to understand, not to challenge.

2 Who are we?

Skills marketplace

Everyone writes three things they can offer and one they want to grow in, with their initials. Read them out, then pair people up.

3 How do we work?

Draw your team’s loop

4 How do we make decisions?

Choose how to decide

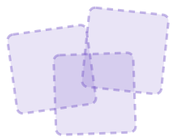

Write the decisions that keep coming back, one per post-it, and agree on one. Pick one of the twelve ways to make it, try it, then look back.

Twelve ways to decide

NARROW DOWN OPTIONS

- [ ] **Dot voting** A long list of ideas needs a shortlist, fast.
- [ ] **Multi-voting** One round of votes is too scattered to show a favourite.
- [ ] **Scoring matrix** Every option has its own trade-offs.

DECIDE QUICKLY

- [ ] **Majority vote** There are two options and either would work.
- [ ] **Plurality** There are several options and no time for more rounds.
- [ ] **Authority** One person is accountable for the outcome.

BRING EVERYONE ALONG

- [ ] **Fist to five** People seem to agree, but you can't tell if they really do.
- [ ] **Consensus** Everyone needs to support the decision to carry it out.
- [ ] **Consent** You need to move on, even if it isn't everyone's first choice.

SETTLE WHO HAS THE FINAL SAY

- [ ] **Supermajority** A big decision needs more than a narrow win.
- [ ] **Unanimity** Every person must actively agree before you move.
- [ ] **Delegation** The whole team doesn't need to weigh in every time.

Which group fits this decision?

Too many options?	Narrow down first, then decide.
Little time, low risk?	Decide quickly.
Everyone must carry it out?	Bring everyone along.
Unclear who has the last word?	Settle the final say.

How each way works, when to use it and what to watch out for: see the next page, "Twelve ways to decide".

Twelve ways to decide

Choose the way before the discussion starts. Ask what this decision needs most: narrowing many options, speed, everyone on board, or a clear final say. Then pick one way from that group and write it on the canvas.

Narrow down options

Dot voting

How it works: Everyone places a few dots in one round. Then talk about the options at the top.

Use it when: A long list of ideas needs a shortlist, fast.

Watch out: Popular isn't always right. Discuss the top options before you decide.

Multi-voting

How it works: Vote in rounds and drop the weakest option each time, until a shortlist remains.

Use it when: One round of votes is too scattered to show a favourite.

Watch out: It takes longer. Agree the number of rounds up front.

Scoring matrix

How it works: Rate each option against three to five agreed criteria, then compare totals and trade-offs.

Use it when: Every option has its own trade-offs.

Watch out: Agree the criteria before scoring, or people choose criteria that fit their favourite.

Decide quickly

Majority vote

How it works: One vote each. The option with more than half of the votes wins.

Use it when: There are two options and either would work.

Watch out: The losing side may not commit. Only use it when both options are acceptable.

Plurality

How it works: One vote each. The option with the most votes wins, even below half.

Use it when: There are several options and no time for more rounds.

Watch out: The winner may have less than half the room behind it.

Authority

How it works: One person hears from the people affected, then decides and explains why.

Use it when: One person is accountable for the outcome.

Watch out: Say up front that one person decides, and explain the decision afterwards.

Bring everyone along

Fist to five

How it works: Everyone shows zero to five fingers at the same time. Ask the lowest: what would raise your score by one?

Use it when: People seem to agree, but you can't tell if they really do.

Watch out: Low scores need a conversation, not a new vote.

Consensus

How it works: Share a proposal, listen to concerns, adapt it, and check that everyone can back it.

Use it when: Everyone needs to support the decision to carry it out.

Watch out: Slow, and the most cautious person can block. Save it for decisions everyone must carry.

Consent

How it works: Ask for serious reasons not to try it. Resolve the valid objections, then go ahead.

Use it when: You need to move on, even if it isn't everyone's first choice.

Watch out: An objection needs a reason, a risk or harm, not just a preference.

Settle who has the final say

Supermajority

How it works: Agree a threshold, such as 75%, before voting. Go ahead only if you reach it.

Use it when: A big decision needs more than a narrow win.

Watch out: Set the threshold before the vote, never after.

Unanimity

How it works: Each person gives a clear yes or no. A single no sends the proposal back.

Use it when: Every person must actively agree before you move.

Watch out: One person can stop everything. Use it rarely.

Delegation

How it works: Choose who decides, and agree their mandate, limits and deadline.

Use it when: The whole team doesn't need to weigh in every time.

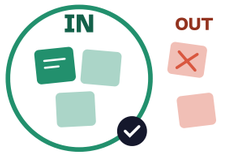

Watch out: Write the mandate down, and don't overrule the person afterwards.

Combine them: narrow down with dot voting, then decide by consent. Whatever you choose, agree who decides, who is asked first, and who is told afterwards.

5 How do we want to be together?

The two-circle team contract

One behaviour per post-it, written so anyone could see it. Stick it in IN or OUT, then combine similar ones.

Whole team · 45 min

IN

Behaviour we practise and protect

OUT

Behaviour that undermines trust or good work

© Michael Heider · CC BY-NC-SA 4.0

6 How do we learn and reform?

Keep / Change / Try

One idea per post-it. Agree one small experiment, and what should make you sit down with the canvas again.

Whole team · 30 min

Keep

What should we protect?

Change

What is no longer helping us?

Try

What small experiment will we run next?

We sit down with the canvas again when...

For example: someone joins or leaves, or our purpose changes.
